

Welcome to *Alive Danceworks* Term 2!!

Welcome!

*We would like to welcome back all of our returning dancers and welcome to the studio our new ones! This year will be so much fun as we prepare for our Year End Show 2010. The students will continue to learn their technique in Term 2 as well as prepare a number for the show.

*Please speak to your teacher if you feel that you may have been placed in the wrong class. It can sometimes take a couple weeks to organize students in classes that they feel challenged but not overwhelmed.

Year End Show 2010

The Alive Danceworks term 2 dancers show 2010 will take place during a number of days at the end of June. We will send out a detailed schedule soon regarding which days the different classes perform.

*Mark the following dates on your calendar: **June 22-27.**

Your show day could be any of these days. June 22-25 will be evening theatre times and June 26-27 will have 2 shows each: A matinee show and an evening show. Ages 4-9 classes will be involved in one show and age 10+ classes will perform in two shows during this date range.

How Does the Year End Show work?

At the time of your Term 2 Registration, we charged a couple fees that belong to the Performance at the end of the year. We charged at \$45 (for the first class) and an extra \$5 (each additional class). This is the Performance Fee and pays for the student's costume rental/cleaning, extra theatre rehearsals and other Year End Show extras for the student. As well we charged each student a \$30 ticket fee. This will ensure that each student receives 2 tickets to one of their Year End Shows (The studio will decide which performance time each student receives). More tickets can be purchased on a first come first serve basis a little closer to show time.

As a student involved in the show....

All of our students work very hard to put together a showcase of what they learn over the year. The students are always encouraged to practice at home and to try not to miss classes as they are working as a team of dancers in choreography, formations and technique.

***The studio calendar for 2010 can be found on the back of this page**
